FPS Food Process Solutions Wins BC Export Award

Vancouver, Canada – On Friday, November 22, FPS Food Process Solutions (FPS) was awarded the BC Export Award in the Manufactured Products Category.

“As judges we were so impressed with FPS’ phenomenal growth and their commitment to a principle, in this case hygiene and safer food manufacturing,” said Andrew Wynn-Williams, Regional Vice President Canadian Manufacturers & Exporters.

Richmond based, FPS Food Process Solutions was incorporated in 2010 and has since become a global leader of turnkey industrial freezing and cooling equipment. With a focus on innovation and hygienic equipment design, FPS is committed to ensuring safe food processing. FPS equipment can process the entire spectrum of frozen foods found in grocery stores and food services, whether it be meat, poultry, vegetables, bakery products and more.

In nine years’ time, FPS has organically grown into a \$100 million company, and experienced a per annum growth rate of 50% for more than three consecutive years. Currently, FPS exports 85% of its products.

With a team of 280 in Metro Vancouver, another 100 in Eastern Canada, FPS’s global workforce is totals just under 500. FPS has support centers in the U.S., Brazil, the Netherlands, China, and New Zealand, serving as a global service network.

“We truly believe that the key to our success lies in our team’s unfaltering commitment to revolutionizing hygienic standards in the food processing industry,” said Jeffrey Chang, FPS President in his acceptance speech.

ABOUT FPS Food Process Solutions:

Who We Are

FPS Food Process Solutions is based in Richmond, BC, Canada about 5 miles away from Vancouver. We maintain sheet metal fabrication, a machine shop, specialized insulated enclosure manufacturing and control panel assembly in-house so each component is specifically designed for freezing and cooling applications. We believe that investing in in-house manufacturing ensures our customers receive the highest quality and best technologies in their freezing and cooling equipment.

FPS has a combined 28,000 sq. meters (304,500 sq.ft) of space, including our headquarters, 5 manufacturing facilities, international sales offices and a US based parts & service center.

Our Vision is to *Revolutionize Hygienic Standards*

We use the most leading-edge technology and innovation to move our industry forward. Our focus on hygiene is the foundation for safe food production. Our purpose is to revolutionize the food processing industry, and ensure the safest and cleanest global food production for all.

Our Mission is to *Set a New Standard*

We invest in our people and partners. We believe the best results come from strong collaborations. We aim to raise the bar in our field by providing close client relationships, offer outstanding levels of service, and implement global hygienic standards. We believe that together, we will set a new standard.
