FPS Opens New Manufacturing & Service Centre in Thailand

Vancouver, BC – FPS Food Process Solutions Corp. announced the opening of a manufacturing & service centre in Thailand, expanding its global presence to meet growing customer demand. Incorporated in February 2020, the centre is located about 80 kilometres northeast of Bangkok, the capital of Thailand. Led by Udom Piggasem, Managing Director, FPS Thailand has full project management and industrial manufacturing teams. Centrally located in Southeast Asia, FPS is in a prime position to continuously offer the most hygienic equipment solutions in the food processing market.

“Thailand has a mature and successful agro-industrial supply chain, especially in the value-added food sector,” said Jeffrey Chang, President, FPS Food Process Solutions Corp. “We are excited to have a presence here, as Thailand has long been a major exporter of a range of commodities, with a number of companies being world leaders in export food processing and quality control. The demand speaks for itself. There is a need for high quality equipment with attention to hygiene. Our freezing and cooling solutions help facilitate our competitive advantage in the global marketplace for our customers and partners.”

FPS Thailand is comprised of an administrative office, manufacturing plant and warehouse, adding another 1,000 sq. m. to FPS’s global presence. The new centre is a key contact point for clients in Southeast Asia.

ABOUT FPS Food Process Solutions:

Who We Are

FPS Food Process Solutions is based in Richmond, BC, Canada about 5 miles away from Vancouver. We maintain sheet metal fabrication, a machine shop, specialized insulated enclosure manufacturing and control panel assembly in-house so each component is specifically designed for freezing and cooling applications. We believe that investing on in-house manufacturing ensures our customers receive the highest quality and best technologies in their freezing and cooling equipment.

In 2020, FPS is celebrating its tenth year in business with almost 500 employees around the world. FPS has a combined 450,000 sq. ft (41,800 sq. meters) of space, including its Canadian headquarters, 10 manufacturing and warehouse facilities as well as international sales offices across five continents.

Our Vision is to *Revolutionize Hygienic Standards*

We use the most leading-edge technology and innovation to move our industry forward. Our focus on hygiene is the foundation for safe food production. Our purpose is to revolutionize the food processing industry, and ensure the safest and cleanest global food production for all.

Our Mission is to *Set a New Standard*

We invest in our people and partners. We believe the best results come from strong collaborations. We aim to raise the bar in our field by providing close client relationships, offer outstanding levels of service, and implement global hygienic standards. We believe that together, we will set a new standard.
